ECDIS SETUP

To be used as guidance during ECDIS set up for passage planning. All setup parameters to be approved by Master.

SQEMARINE

<table>
<tr><td colspan="3" align="center">**BRIDGE CHECK LIST**
ECDIS Setup</td></tr>
<tr><td>**A.**</td><td>**Item Description**</td><td>**Tick**</td></tr>
<tr><td>1.</td><td>Check primary position fixing system is setup correctly and prove the ECDIS is correct by inputting a manual fix into the system.</td><td></td></tr>
<tr><td>2.</td><td>Check system time is configured correctly.</td><td></td></tr>
<tr><td>3.</td><td>Ensure ECDIS setup is replicated on all ECDIS units.</td><td></td></tr>
<tr><td>4.</td><td>Ensure navigation tools are configured correctly.</td><td></td></tr>
<tr><td>5.</td><td>Ensure safety depth and safety contour settings are configured correctly.</td><td></td></tr>
<tr><td>6.</td><td>Ensure system units are configured correctly.</td><td></td></tr>
<tr><td>7.</td><td>Ensure that all relevant overlays are loaded.</td><td></td></tr>
<tr><td>8.</td><td>Ensure that area alerts are configured correctly (if system in use allows alarm configuration).</td><td></td></tr>
<tr><td>9.</td><td>Ensure that docking mode is configured correctly.</td><td></td></tr>
<tr><td>10.</td><td>Ensure that navigation alarms are configured correctly, including safety frame/anti-grounding cone.</td><td></td></tr>
<tr><td>11.</td><td>Ensure that route alarms are configured correctly.</td><td></td></tr>
<tr><td>12.</td><td>Ensure that targets are configured correctly.</td><td></td></tr>
<tr><td>13.</td><td>Ensure that preferred radar is selected.</td><td></td></tr>
<tr><td>14.</td><td>Ensure that vessel data is setup correctly.</td><td></td></tr>
<tr><td>15.</td><td>Ensure the audible alarm is working correctly.</td><td></td></tr>
<tr><td>16.</td><td>Ensure the chart motion, chart orientation, screen layout, color palette and additional ENC settings are configured correctly.</td><td></td></tr>
<tr><td>17.</td><td>Ensure the correct display setting is available for execution of navigation in accordance with ECDIS check off cards for pilotage and confined waters, and coastal navigation and open ocean.</td><td></td></tr>
<tr><td>18.</td><td>Ensure the correct route is loaded for route monitoring.</td><td></td></tr>
<tr><td>19.</td><td>Ensure the correct waypoint and route monitoring information is being displayed.</td><td></td></tr>
<tr><td>**B.**</td><td>**Other**</td><td></td></tr>
<tr><td></td><td></td><td></td></tr>
